Preparatory course for applicants to the Italian Fine Arts Academies

While studying at our academy you will learn the Art techniques that you like or that you wish to improve. Since our classes are normally made up of **8-10 students** you will be able to attend a **course tailored to your needs**. Our Art instructors will tutor you and will arrange an Art program according to your artistic skills, interests and experience.

You will choose the media you would like to focus on as well as the subjects you are eager to deal with. So for instance, if you decide to study drawing techniques you can opt for one or more subjects such as **portrait, figure drawing, still life, cityscape, perspective**. If on the contrary you want to acquire or develop good painting skills you may also be keen to concentrate on sundry subjects following your inclination and your preferences.

For Art novices and experienced artists

All our classes are made up of 8-10 students so as to facilitate the learning process and ensure that focus is placed on the learning requirements of the individual student, and on helping him/her to overcome any difficulties in a friendly environment, whilst the range of courses on offer allows the student to adapt the programme to their individual needs.

That is why our classes are open both to Art novices and to experienced artists and professionals who want to improve one or more techniques and whose passion is Fine Arts.

In studio and open air

Art classes are held both in English and in Italian in our fully equipped studio, which is located in the heart of Florence, a few steps from the Duomo and the Uffizi Gallery.

Some lessons may also take place outdoors, in the squares and streets of the city. Most of the courses run on weekdays in the afternoon, but intensive workshops and seminars may be also held in the morning or over the week-ends.

Teachers

All of our teachers are highly qualified and experts in the different subjects and techniques. They have a degree from an approved Italian university or academy, are Italian speakers who can also speak English, and have at least 4 years teaching experience.

Moreover, they are prepared to tutor the students and guide them through the comprehensive visual art programmes, without disregarding the needs, the artistic skills and the the creativity of each single student.

Credits and certificates

The Accademia del Giglio recommends that students who would like to receive credit for their studies abroad check with their university or college prior to registration.

As most universities and colleges consider 15 hours of study per term to be an acceptable level, we offer classes which provide the equivalent of 5 hours of credit per term for the study of the Italian language, along with optional hours for those students who wish to study other modules such as the history of art, studio art, etc. Please click here for more detailed information.

Please let us know your requests regarding dates, schedules and duration for the course your group wishes to attend and we will reply you with all the details regarding special prices, schedules and extra-curricular activities.
